

SEE WHAT YOU'VE BEEN MISSING

Quiet Eye

Improve your team's shooting by up to 22%

FOCUS
FOCUS

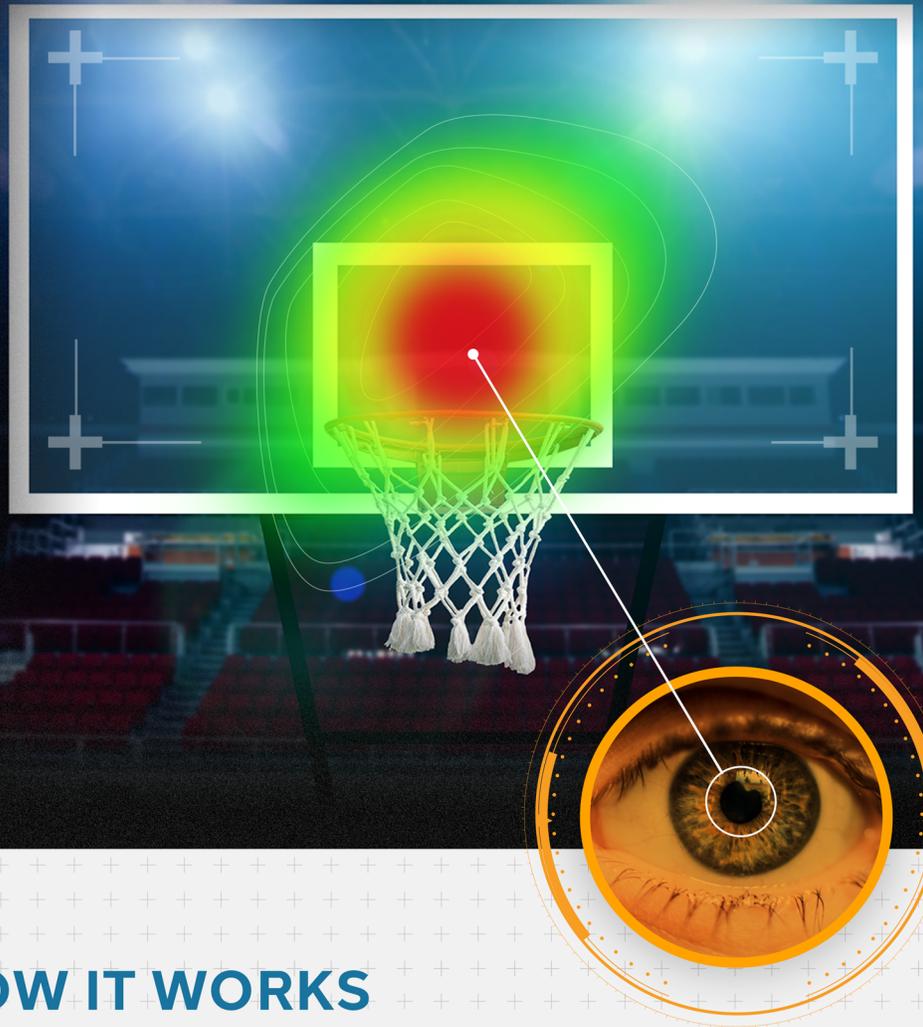

Elipsys blends performance tracking technology with evidence-based learning models to provide players, coaches, and teams with the unique performance solutions that accelerate skill learning.

LEARNING-BASED PERFORMANCE SOLUTIONS

Elite players see the right things at the right time. And 25 years of research shows us that the key to great shooting is in the eyes. Quiet Eye is what sets the best shooters apart from the pack.

For the first time, we're making QE assessments and training available to players who want to optimize their vision and take their game to new levels.

HOW IT WORKS

If you're only practicing your technique, you're missing out. We use the latest eye tracking technology and our scientifically proven approach to test, analyze, and train your vision. With our system, you'll see a new side of your game.

01

TEST

Measure vision on-court with our Elipsys Core Shooting Assessment

02

ANALYZE

Uncover hidden insight and performance tendencies

03

PROFILE

Personalized feedback to pinpoint high-impact opportunities

04

TRAIN

Individual training & support to optimize vision performance
